Welcome to the world of Bloon™ Ball

These light, incredibly bouncy balls are wonderfully soft yet durable and come in an array of bright, shiny and colourful designs, in a wide range of sizes.

Great for both indoor and outdoor use, the Bloon™ Ball's shiny cover is surface washable making it suitable to take into the pool as well.

Fun for children (and adults too), Bloon™ Ball can be used for an endless amount of activities; like throwing, kicking, bouncing, juggling, rolling, hitting, tossing and even hugging just to name a few.

Visually stimulating and engaging, the Bloon™ Balls are an ideal aid for developing gross motor skills in early childhood development.

Wonderfully soft and light for their size, Bloon™ Balls are even an excellent tool for experimenting with science (i.e. action, reaction, force and friction).

Brought to you by Australia's original ball company Loumet, Bloon™ Ball brings colour, excitement and even more fun to the timeless and classic ball, providing hours of endless fun and enjoyment.
